## Introduction

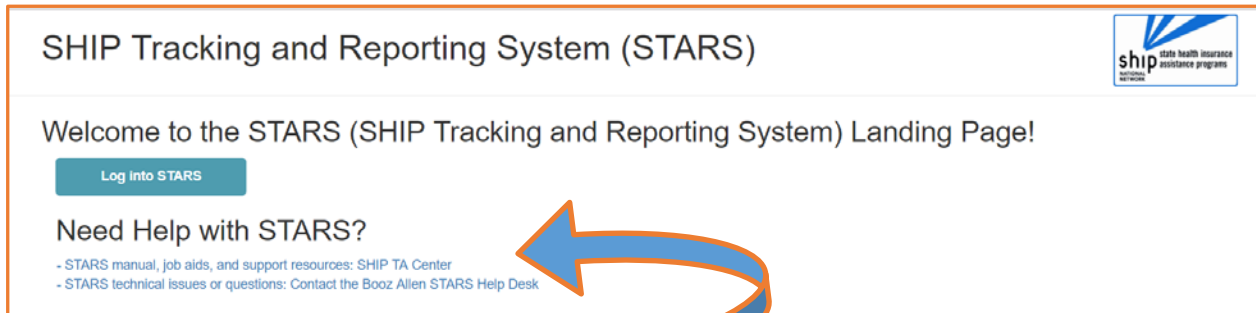

The SHIP Tracking and Reporting System (STARS) is the nationwide, web-based data system that facilitates reporting of SHIP activities. STARS allows all SHIP team members to enter SHIP activities into STARS. This job aid provides step-by-step instructions for entering beneficiary

contacts into STARS. It is meant to be used in conjunction with the STARS User Basics job aid, which explains how to log in, retrieve passwords, and more.

The beneficiary contact form is the most complex form in STARS, and it involves the largest amount of detailed guidance from the Administration for Community Living (ACL). See [Appendix C](#) for comprehensive definitions of terms and reporting guidance.

### STARS Landing Page: <https://stars.acl.gov>

We recommend you bookmark the STARS landing page for your convenience. You must have user credentials to successfully log into STARS.

### Find Other Training Materials

The STARS home page contains links to all available STARS job aids, recorded webinars, and, when it's available, the STARS manual, which will contain detailed program guidance from ACL (like the SHIP NPR manual).

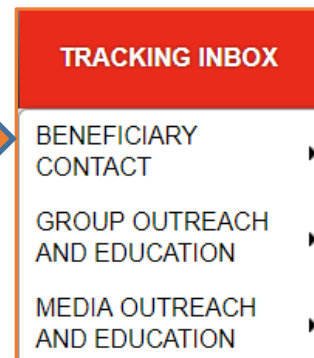

## Data Entry Steps

When entering data in STARS, you should move through the form by using the Tab key on your keyboard or by clicking through the fields using your mouse. If you press the Enter key, STARS will think you are trying to Save and will notify you of the yet-to-be completed fields. Also, STARS identifies fields where an entry is required (R) with a small red R.

### Tracking Inbox

Upon login, look for Tracking Inbox in the main menu. All data entry actions are contained within the Tracking Inbox.

1. Select Beneficiary Contact.
2. The term "NEW" will appear. Click on "NEW."

## MIPPA and SMP

The first decision you must make is whether this contact is also related to your MIPPA work (if you are involved with the MIPPA program) and/or your SMP work (if you are involved with the SMP program). By default, STARS marks “No” for each of these choices. Click “Yes” if appropriate. Otherwise, do nothing.

MIPPA	<input type="radio"/> Yes <input checked="" type="radio"/> No 
Send to SMP	<input type="radio"/> Yes <input checked="" type="radio"/> No

### MIPPA Note:

STARS is also the MIPPA data reporting system. If you work with the MIPPA (Medicare Improvements for Patients and Providers Act) program, MIPPA qualifying *Topics Discussed* are listed in [Appendix C](#).

### SIRS Note:

SIRS is the data system used by Senior Medicare Patrol (SMP) programs. SIRS and STARS are connected. If you are a SIRS user, you will now enter data in STARS and then send it to SIRS, with the exception of complex interactions. Beneficiary contacts that become complex interactions are finalized in SIRS. If you work with the SMP program, see the STARS to SIRS tip sheet on the STARS Resources page or in the SMP Resource Library for more details.

 **Send to SMP:** When generating a new form, STARS will autofill the SIRS eFile ID of the logged in user, if applicable. Below is an example with an auto-filled SIRS eFile ID. If you are entering forms on behalf of another SMP team member, you should enter that person’s valid SIRS eFile ID in this box to send the form to SIRS.

	Send to SMP	<input checked="" type="radio"/> Yes <input type="radio"/> No
	SIRS eFile ID	1671

### Important:

- For the Beneficiary Contact Form, at least one SMP qualifying *Topics Discussed* must also be selected. SMP qualifying *Topics Discussed* are listed in [Appendix C](#).
- If saved data must be corrected or updated later, it must be edited in both systems (unless edits are related strictly to finalizing a complex interaction, in which case you only need to edit in SIRS). STARS beneficiary contact form *updates* do not transfer from STARS to SIRS; only the *initial* saved record transfers.

## Reference Number

STARS will assign a *STARS reference Number* and, if appropriate, a *SIRS Reference Number* after you have saved the beneficiary contact form. At this stage of data entry, these fields will be blank. Later, the *SHIP Reference Number* will also be known as the SHIP Case Number on the Tracking Inbox.

SIRS Reference Number
SHIP Reference Number

## Session Conducted By and Partner Organization Affiliation

*Session Conducted By* defaults to you. If you are entering a beneficiary contact made by another STARS team member, use the drop down list to select the appropriate team member.

Session Conducted By	SHIP QATestPaulson	
----------------------	--------------------	---

- Note: The saved form populates the tracking Inbox of the person listed for *Session Conducted By* and the person who conducted the data entry.

*Partner Organization Affiliation* (not pictured) will automatically appear based upon the associated team member profile.

## Session Location Zip Code and County

There are three required fields dedicated to session location. These fields are used to capture the location where the counselor was located when the session was conducted. (The beneficiary’s location is captured later in the form.)

When you enter a *Zip Code of Session Location*, the *County of Session Location* auto-populates. The *State of Session Location* auto-populates also. In the example below, 22193 was entered as the zip code for a sample user in the state of Virginia. That zip code correlates to Prince William County.

Zip Code of Session Location	22193	
State of Session Location	Virginia	
County of Session Location	Prince William - VA	

## Beneficiary Information

None of the beneficiary and representative contact information is required in STARS. Check with your supervisor about state and local SHIP program requirements for these fields.

Beneficiary First Name	<input type="text"/>
Beneficiary Last Name	<input type="text"/>
Beneficiary Phone Number	<input type="text"/>
Beneficiary Email	<input type="text"/>
Representative First Name	<input type="text"/>
Representative Last Name	<input type="text"/>
Representative Phone Number	<input type="text"/>
Representative Email	<input type="text"/>

## Beneficiary Zip Code and County

Though you have already completed the session location fields using the zip code, the beneficiary residence may be in a different zip code. Beneficiary location fields behave in exactly the same way as the session location fields described earlier.

State of Beneficiary Residence	Virginia	R
Zip Code of Beneficiary Residence		R
County of Beneficiary Residence		R

## Contact Date and Method

These fields are all required. See definitions of terms in [Appendix C](#).

- A date selector is provided to assist in entering the *Date of Contact* (R). It looks like a small calendar. If you choose this data entry method, make sure you have selected the proper year. You can also manually enter the date of contact; however, if you choose this method, months and days must be entered using 2-digits (i.e. 01 for January, and so on).

## Demographics

All of the demographic questions require an answer. Click the arrows to open drop down boxes for *Age Group* and *Gender*. Use the scroll bar to see all of the options for *Race*. For *English as Primary Language*, select Yes or No.

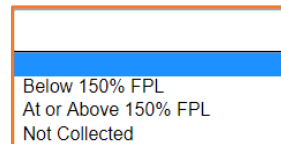

The screenshot shows a form with four fields: Beneficiary Age Group, Beneficiary Gender, Beneficiary Race, and English as a Primary Language. The dropdown arrows for Age Group and Gender are circled in green. The Race dropdown menu is open, showing a scroll bar and several options, also circled in green. The radio buttons for Yes and No under English as a Primary Language are also circled in green.

## Financial Information

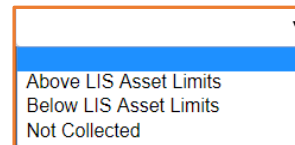

Answers to the financial information questions in STARS are all required. On-screen income guidelines are provided for FPL (federal poverty limit) and LIS (Low-Income Subsidy).

- *Beneficiary Monthly Income* drop down options:

The dropdown menu for Beneficiary Monthly Income shows three options: Below 150% FPL, At or Above 150% FPL, and Not Collected.

- *Beneficiary Assets* drop down options:

The dropdown menu for Beneficiary Assets shows three options: Above LIS Asset Limits, Below LIS Asset Limits, and Not Collected.

- *Receiving or Applying for Social Security Disability or Medicare Disability.* (Not pictured.) Answer Yes or No. You should only select “Yes” if the beneficiary is under the age of 65 and also receiving or applying for Social Security Disability or Medicare Disability. Medicare beneficiaries with End-Stage Renal Disease count. If your answer is not consistent with the age of the beneficiary in this contact, a prompt will appear and you will need to correct your entry.

Beneficiary Age Group must be 64 or younger to apply for this option.

## Topics Discussed

At least one topic must be chosen as the topic discussed. At least one answer must be selected from at least one of the drop down lists provided. For the list associated with each topic, use the scroll bar to see all options (circled in green on the next page). Topics and their list options are depicted on the next page; however, you must go to the STARS system to see the options in their entirety. To effectively use the “Send to SMP” functionality, at least one [SMP-qualifying](#) topic must be selected.

 For definitions of the *Topics Discussed* terms, including lists of SMP and MIPPA qualifying topics, see [Appendix C](#).

## Time Spent

Time spent can be entered in hours and/or minutes. Your entries in each field must be whole numbers. The time spent entered in the hours and minutes fields automatically calculates into total minutes in the required time spent field. In the example below, the beneficiary contact was 1 ½ hours, entered at 1 hour and 30 minutes in their respective fields. STARS calculated the time spent as 90 minutes. See [Appendix C](#) for definitions of Time Spent.

Time Spent in Hours	<input type="text" value="1"/>
Time Spent in Minutes	<input type="text" value="30"/>
Total Time Spent (minutes)	90 <span style="color: red;">R</span>

 **Note to users of STARS and SIRS (for SMPs):** Though STARS sends data to SIRS, the time spent cannot be divided between the SHIP and SMP content of the beneficiary contact. Enter the entire time spent in a given beneficiary contact into STARS. ACL accepts that the entire time spent on an interaction will be counted in both STARS and SIRS.

## Status

Status is a required field. There are only two answer options – In Progress or Completed. This refers to whether your casework is in progress or completed, not your data entry.

R  

In Progress

Completed

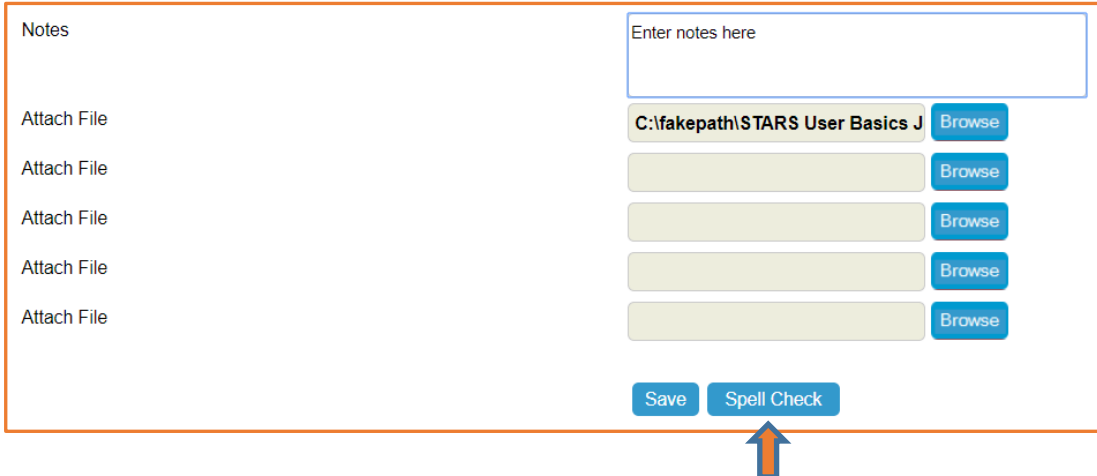

## Special Use Fields

The Special Use Fields are not required in STARS. Only two are designated: *Original PDP/MA-PD Cost* and *New PDP/MA-PD Cost*. Talk with your supervisor about how the Special Use fields are being used in STARS for your SHIP program.

Special Use Fields	
Original PDP/MA-PD Cost	<input type="text"/>
New PDP/MA-PD Cost	<input type="text"/>
Field 3	<input type="text"/>
Field 4	<input type="text"/>
Field 5	<input type="text"/>

## Notes and Uploaded Files

It is not required by STARS that you enter notes or upload files. Talk with your supervisor about whether and how the *Notes* and *Attach Files* fields are being used in your SHIP program. Uploading files into STARS works similarly to attaching a file to an email. Click *Browse* to select the file of choice from your computer. In the example below, a file has been uploaded in the first “Attach File” field. The path and file name appear in black.

The screenshot shows a form with the following elements:

- Notes:** A text input field with the placeholder text "Enter notes here".
- Attach File:** Five rows, each with a text input field and a "Browse" button. The first row contains the file path "C:\fakepath\STARS User Basics J".
- Buttons:** "Save" and "Spell Check" buttons are located at the bottom of the form.

An orange arrow points to the "Spell Check" button.

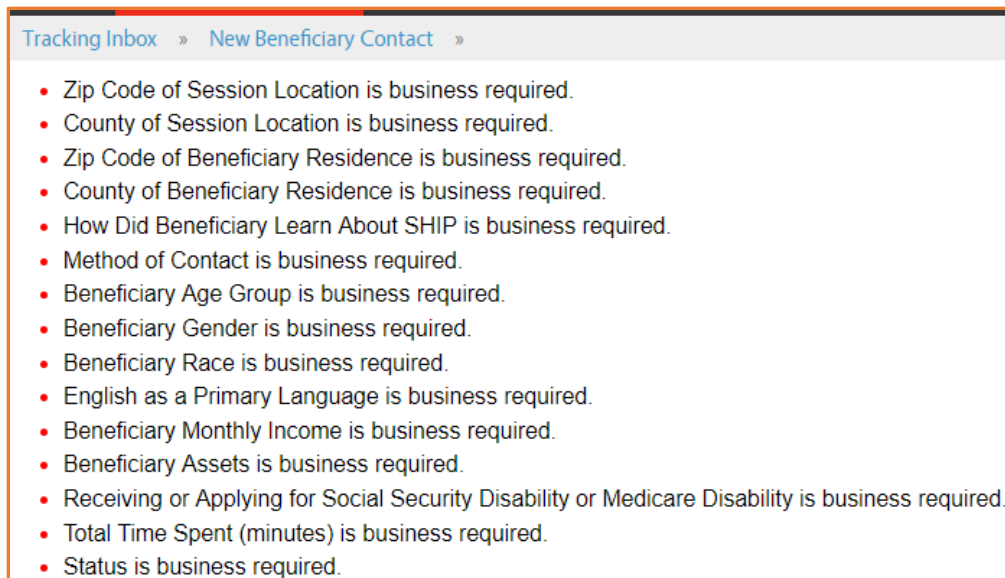

STARS offers a Spell Check feature for use with the open-ended data fields. Click Spell Check and follow the on-line prompts. It works just like a typical spell checker in other software programs you are likely to be familiar with.

## Save Your Work

When you press the blue Save button, either your beneficiary contact will be successfully saved, or you will be prompted to complete any required fields that you neglected.

**Required Fields Prompts:** Here is a list of the prompts that will appear for the required fields, if you neglect to provide answers for any of them:

The screenshot shows a dialog box with the following content:

Tracking Inbox » New Beneficiary Contact »

- County of Session Location is business required.
- Zip Code of Beneficiary Residence is business required.

**Successful Save:** A prompt indicating a successfully save contact briefly appears on your screen.

Even if you were looking down or away when the above prompt briefly appeared, you can know that your contact successfully saved if you see your contact on the screen with an absence of business required prompts. Upon successful completion, STARS provides the option to **Print Full Data PDF**. This will appear in the upper right corner.

Also, the *SHIP Beneficiary Additional Sessions* tab – a “child object” to the main *Beneficiary Contact* form – only appears after the record has been saved.

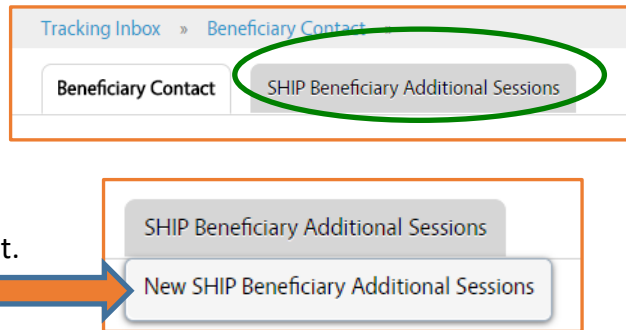

- Click Tracking Inbox to see a list of your beneficiary contacts, including the one you just finished entering and also contacts entered by others with your name selected as *Session Conducted By*.

## Beneficiary Additional Sessions (BAS)

You can enter additional contacts for the same beneficiary by finding that beneficiary in the tracking inbox (circled in green) and selecting the beneficiary by clicking anywhere in their row. In this example, we will click Sample B.

A form auto-populated with the beneficiary’s contact information will appear. Complete the beneficiary contact fields according to the steps provided earlier in this job aid.

**Reminder:** *Session Conducted By:* From the drop down list, select who the session was conducted by (you or another team member, if applicable).

*Partner Organization Affiliation* will auto-populate accordingly.

## Updating or Editing Previous Contacts

Beneficiary contacts can be updated and edited following the instructions provided in this job aid. All actions begin with the Tracking Inbox.

For guidance about when to edit a previous contact versus when to enter a SHIP Beneficiary Additional Session, refer to the guidance in [Appendix C](#) and also the [STARS FAQs job aid](#) on the STARS Resources page (under “Need Help With STARS?”).
